

Casalini Libri is an ISNI Registration Agency

ISNI (International Standard Name Identifier, ISO 27729) is the globally recognised and adopted standard for the unique identification of the public identities across all fields of creative activity. The mission of the ISNI International Authority (ISNI-IA) is to assign to the public name(s) of a researcher, inventor, writer, artist, performer, publisher, etc. a persistent unique identifying number and diffuse each assigned ISNI across all repertoires in the global supply chain so that every published work can be unambiguously attributed to its creator wherever that work is described.

The screenshot shows the ISNI website interface. At the top left is the ISNI logo. To its right is a search bar labeled "Search this site:". Below the search bar are two buttons: "ABOUT ISNI-IA" and "CONTACT". A dark navigation bar contains the following links: Home, News, ISNI Community, Resources, Search ISNI, Do you have an ISNI?, How ISNI Works, and Log into the site. The main content area shows the breadcrumb "You are here: Home / ISNI Registration Agencies" followed by the heading "ISNI Registration Agencies". Below the heading is a paragraph: "A registration agency provides the interface between ISNI applicants and the ISNI Assignment Agency. Registration agencies are appointed by the ISNI International Agency and provide ISNI related services to all users." This is followed by the section "List of Registration Agencies" and a bulleted list of agencies, with "Casalini Libri" highlighted by a mouse cursor.
